

# Go Fish!

Fish & Richardson is a leading global law firm practicing in the areas of intellectual property and litigation. Founded in 1878, the firm has prosecuted and litigated many of the fundamental patents of an industrializing America: the telephone, the airplane, the lightbulb, and the radio. Today, with over 375 attorneys and technology specialists, the firm continues to be the go-to IP firm for great innovators in cutting-edge technologies. Fish uses its deep technical and legal expertise, along with strategic business insight, to serve clients who value intellectual property.
