## Overview

---

### About Allen

Allen Eastlund, Ph.D., is a technology specialist in the Twin Cities office of Fish & Richardson P.C. His practice focuses on patent prosecution support in the chemical, medical device, and life sciences industries. Dr. Eastlund has experience with a broad range of technologies, including machine learning, biotechnology, nanomaterials, augmented reality, optics, and nano-scale manufacturing.

Prior to joining the firm, Dr. Eastlund was a postdoctoral associate at the University of Minnesota, where he studied virology and microbiology in bacteriophage energy kinetics. Dr. Eastlund also worked as a microbiologist for the nation's largest maltster, where he planned and developed new gas chromatography methods to quantify barley mold and fungus traces. He holds a doctorate in biophysics from the University of Kansas and a bachelor's in astrophysics from the University of Minnesota.

### Focus Areas

---

### Services

- Patent Prosecution

### Industries

- Chemicals
- Life Sciences

- Medical Devices

## Education

---

Ph.D., Biophysics, University of Kansas (2015)

B.S., Astrophysics, University of Minneapolis (2005)
