### About Pallavi

Pallavi Banerjee, Ph.D., is a technology specialist in the Boston office of Fish & Richardson P.C. She focuses her practice on patent prosecution support in the life sciences, including molecular biology, antibodies, antibody-drug conjugates, cancer therapeutics, immunotherapies, diagnostic assays, biomarkers, and agricultural innovations. She has broad experience in all aspects of patent prosecution and assists her clients with drafting and prosecuting patent applications; strategizing and preparing responses to Office Actions in the United States and foreign jurisdictions; performing due diligence, patentability, landscape, and freedom-to-operate determinations; and managing patent portfolios. Prior to her patent practice, Dr. Banerjee was a Research Fellow at Boston Children's Hospital, and her work has been published in numerous peer-reviewed scientific journals.
