Overview

About Steve

Steve Fusselman is a technology specialist in the Twin Cities office of Fish & Richardson P.C. His practice supports patent prosecution and litigation in the area of computer technology, computer software, internet, online advertising, and business management software/solutions. He has worked on patent applications in the areas of alternative fuels, medical products, food products/packaging, transportation, toys/games, education, retail and clothing. He has supported litigation in the areas of banking, toys, cameras, medical devices, household products and semiconductors.

Steve's previous experience includes work as a project/software engineer for McDonnell Douglas (now Boeing), IT technical analyst for Cargill, quality assurance analyst for Open Systems, and software consultant for Keane, Inc.
