Overview

About Taylor

Taylor Burgener is a litigation associate in the Washington, D.C., office of Fish & Richardson P.C. She has experience in the U.S. district courts and the U.S. International Trade Commission, and is also heavily involved in pro bono casework related to sexual discrimination in the workplace, immigration matters, custody disputes, and children's rights to educational resources.

Taylor has handled various aspects of offensive and defensive complex patent litigation including, pre-suit due diligence, fact and expert discovery, including taking depositions and preparing expert reports, the development of technical positions on infringement and invalidity, and drafting dispositive motions. Her technical experience spans a wide variety of technologies, including telecommunication systems, software, electrical and computer technology, life sciences, and lithium-ion batteries. She has also worked on non-technical issues, including damages and licensing analyses, and economic domestic industry.

Before law school, Taylor worked at a diagnostic laboratory as a quality control associate, where she verified product viability before release to customers. While pursuing her bachelor degree in biochemistry, Taylor was involved in physical chemistry research. She was also an NCAA Division I rower at the University of San Diego.
