## Overview

---

### About Wilhelm

Wilhelm Bolt is a Technology Specialist in the Boston office of Fish & Richardson P.C. Wilhelm's practice focuses on patent prosecution support in a variety of technologies related to electrical engineering and bioengineering, including medical devices, blockchain technology, and electrical devices. Wilhelm's legal experience includes due diligence, infringement/invalidity, and freedom-to-operate matters, and his technical background includes studies at Northeastern's Department of Bioengineering, where he concentrated in bioimaging and signal processing.
