

# FISHLink®

Secure  
Intellectual  
Property  
Extranet

Fish & Richardson is proud to offer FISHLink® Extranet—a secure, password-protected web portal that gives you direct access to your intellectual property portfolios.

Updated daily and offered at no additional charge, FISHLink Extranet allows you to check the status of your patent and trademark matters, review dockets for upcoming deadlines, and access all incoming and outgoing documents in PDF format.

We also offer FISHLink Reports, which allows you to instantly print status, docket, and maintenance reports and check on the status of active opposition and cancellation proceedings worldwide, 24 hours a day, 7 days a week.

#### **Additional features include:**

- **Contact Information:** Full contact information for all Fish & Richardson professionals handling your matters.
- **Patent and Trademark Resources:** The latest news and developments in intellectual property law brought to you by Fish.
- **USPTO Links:** Access to USPTO websites, including public and private Patent Application Information Retrieval system (PAIR) and the USPTO's trademark search (TESS), status (TSDR), and document retrieval databases.
- **Shared Documents:** Collaboration with your Fish attorney or paralegal on various documents via the extranet.

Additional links and documents can be added at any time to make FISHLink Extranet your one-stop site for current intellectual property information.
