Fish & Richardson, the premier global intellectual property law firm, is trusted by the world's most innovative and influential companies. From patent, trademark, and copyright prosecution and counseling to our full-service litigation practice, we work together to provide our clients with exceptional advocacy across the life cycle of intellectual property needs in the U.S. and around the world. Our deep bench of attorneys with first-chair trial experience in every technology makes us the go-to firm for the most technically complex cases. Fish was established in 1878, and now has more than 400 attorneys and technology specialists in the U.S., Europe, and China. Our success is rooted in our creative and inclusive culture, which values the diversity of people, experiences, and perspectives.

Career Growth. Our uniquely collaborative culture and commitment to teamwork ensures early client responsibility for Associates.

Training. Our IP-focused platform allows for specialized training that simulates real client work in an environment designed for learning.

Pro Bono Commitment. Fish attorneys donated over 20,000 pro bono hours in the 2020-2021 billable year.
